### Trip Highlights of this adventure into a World Heritage Park

- Cruise across serene Lake Manapouri, then coach over Wilmot Pass and meet Affinity in Deep Cove, Doubtful Sound.
- Travel in the path of Captain James Cook and learn all about the rich and fascinating history of his early voyages to this remote part of New Zealand.
- Visit historic sites such as: the first European house site, first recorded shipwreck in New Zealand and where the vessel first built by Europeans, was built in 1795.
- Visit Astronomers Point where Captain Cooks Astronomer cleared the trees and recorded a transit on Venus at his first landing in Fiordland.
- Walk through beautiful remote native rainforest that has never been cleared. It is still in its original state as it was before man stepped foot on the land.
- Get up close to stunning roaring waterfalls as they cascade down steep, sheer cliffs.
- Visit a cove where a number of fur seal pups swim around the rocks. When we put the tender in the water the pups are very noisy and like to swim alongside and pop up out of the water to see what's going on.

*More Over Page*

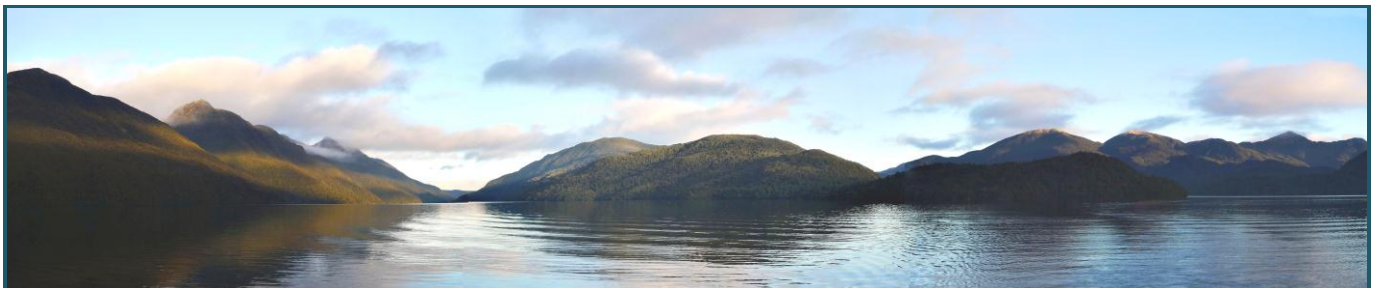

- Discover the raw dramatic beauty of Fiordland's coast as you travel down to Dusky Sound where we often see Mollymawks and Albatross, and parts of New Zealand few people get to see.
- We often have the extreme privilege of sighting whales in their natural habitat and playful bottlenose dolphins often join in for a race with the ships bow.
- Fish for Groper and other big species in the bountiful waterways of this pristine area.
- Visit the unique Manapouri Power Station. The Power Station is located deep underground in the south-western arm of Lake Manapouri.

### **Experience scenery like nowhere else in this largely uninhabited world**

All walks are optional, you may wish to stay onboard and relax or there may be a shorter walk option that would suit you better. *Please understand you are responsible for your own safety and actions during these unguided walks.*

### *Fiordland..... A magical place!*

- ❖ We're home again and suffering withdrawal symptoms after having such a wonderful time on board "Affinity". The first morning I woke up, I felt the landscape up here looked as flat as a pancake!!! The photos we took are permanently on display so our memories will be indelible. We'll be spreading the good word about the experience you gave us.  
Warmest regards Judy and Vick Bryant.
